Jean Adero & Sue Seda-Odhiambo

Both Jean Adero and Sue-Seda Odhiambo are in love with **'The Science of Getting Rich'** - a personal achievement book written in 1910 by Wallace D. Wattles.

At its core, the book promotes the idea that there is a science to acquiring wealth, just as there are scientific principles governing other areas of life. The book outlines several key concepts and principles, including the power of thought and the right to be rich.

The Total Truth Letter is a tool you can use to get you through difficult feelings or emotions. If you feel incomplete with a relationship (**even with yourself**) in the present or the past, it will guide you to go through anger, hurt, fear, regret, understanding, desire & want, love & appreciation, and agreements.

This exercise is intended for your healing, and **not for you to send to the person who has hurt you**. When writing for yourself, do not hold back at all.

REDEFINE WEALTH ROADMAP

Sue Seda-Odhiambo

There is a Science of getting rich, and it is an exact science like algebra or arithmetic. There are certain laws which govern the process of acquiring riches. Once these laws are learned and obeyed by any man, he will get rich with mathematical certainty. And, your beliefs matter. Here are a few...

BELIEF ONE

Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth.

3 John 1:2

BELIEF TWO

The blessing of the LORD, it maketh rich, and he addeth no sorrow with it.

Proverbs 10:22

BELIEF THREE

A good man leaves an inheritance to his children's children.

Proverbs 13:22

Napoleon Hill says you **can** think and grow rich. He also says that it pays to purchase knowledge. **Are you willing to do something you've never done before so you can live the life you've never had and wish for?**

LET'S BEGIN...

"For I know the plans I have for you, declares the Lord, "plans to prosper you and not to harm you. It is the fathers Good pleasure to give you the kingdom."

Jeremiah 29:11

01

Which one is more valuable. Time or money?

Alex Hormozi says, "We **spend** what we value the least and we **use** the currency we value least." **Are you spending dollar time on penny tasks?**

02

You are busy doing. How much do you spend time thinking?

And when I say thinking I do not mean brain activity... I mean intentional clarity of thought. Myron Golden says, "People will maintain a state of **physical diligence** so they can maintain a state of **mental laziness**."

03

Do you know what your soul wants?

Your soul encompasses your **way of thinking**, **what you uniquely feel**, and **how your thinking matches your energy**. Caroline A. Wanga says, "Who you are is who you are. If you can't be who you are where you are, change where you are, not who you are." Could you follow her advice?

04

You get to Design Your Life. Yes, you hold the pen. Start now! It's not too late...

And I believe that when you start, do not stop until you **find 'there'**. The place where the highest version of yourself resides.

TEACHINGS from the QURAN

“And when the prayers have been concluded, disperse in the land and seek out the bounties of Allah, and remember Allah a lot so that you may be successful.”

Surat Al Jumuah, 10

Allah tells you to seek the bounties of Allah and remember him so that you will attain success. So, Allah is encouraging you to seek wealth because it will suffice your desires for more.

He , The Most Generous (Al-Kareem) wants you to have more and wants you to be in a good state in your life. But this verse begins with worship, “when the Salah is concluded”, and then ends with “and remember Allah a lot”.

“Indeed, Allah is the Bestower of bounties upon the people, but most of the people are not thankful.

Surah Ghafir,61. Surah An-Nuh, 10-11

And, ask forgiveness of your Lord, indeed he is a perpetual forgiver. He will rain down from the skies in abundance, and increase you in wealth and children, and make for you gardens and rivers.”

Allah says in the Quran: And I have made lawful for you, trade and business, and made unlawful for you dealing and interest.

Surah Al Baqarah

So, if you want to make money, turn to a business and do all of the things above that we've talked about here in this article, and Insha'Allah, you will find the success that you're looking for. Trust Allah.
